A close-up, profile view of a man's face, partially obscured by a large, clear, distorted object that resembles a piece of glass or plastic. The object is curved and refracts light, creating a distorted, wavy image of the man's features. The man has a beard and is wearing glasses. The background is dark and textured, suggesting a night sky or a similar environment. The overall mood is contemplative and artistic.

things often look
different from
another angle
it's depend on how it presented

Obviously,
Presentation makes Performance Better

design

is Bonus points in Game & Designers are your sword,
So it must be more sharper,
Where you have cold war in Corporate Arena
